# Girls of Legacy 2025 Sponsors

## Scholarship and Mentorship Program

Girls of Legacy is an initiative under the non-profit organization LaunchPad. Founding owner Rebecca Contreras first launched Girls of Legacy in 2022 to support graduating seniors from inner-city, Title I schools in Austin, Texas, in their pursuit of post-high school education. Since its launch, the program has raised \$100,000, supporting 16 girls in their educational journey.

Girls of Legacy is not only a scholarship initiative but also a mentoring and coaching program. Each Girl of Legacy is paired with a local ATX businesswoman who provides regular mentoring and accountability. These mentors serve as a vital "go-to" resource while the girls are in school. With many of the girls facing socioeconomic challenges and coming from inner-city communities, this support is crucial to their success in the next phase of their journey.

LaunchPad has no paid staff, allowing us to keep administrative and overhead costs minimal.

## Sponsorship Opportunities

Become a Corporate Sponsor for the annual Girls of Legacy Event! Your support will help LaunchPad cover event costs and contribute to funds raised. All event proceeds will be dollar-for-dollar matched by Rebecca and AvantGarde LLC, doubling the impact for the 2025/2026 scholarships. A silent auction will also be held to raise scholarship funds.
